

Mail Order Cuttings Regulations

- Only money orders, email money transfers, and cash are accepted, no credit. We DO NOT recommend sending cash, and cannot be held liable if it is lost or stolen.
- No re-selling or re-distributing cuttings or the cannabis they produce – do not purchase for friends or family even if they are a Health Canada licensee.
- Cuttings are ABSOLUTELY NOT FOR RESALE
- The number of cuttings you can receive is dependent upon your medical files.
- Be respectful of the staff and others.
- You are responsible for your own behaviour at all times
- Staff has the right to refuse entry or revoke membership at any time
- These regulations exist to allow medical cannabis dispensaries to continue operating. Any breach of these regulations is taken very seriously and can result in suspension or withdrawal of membership.

I, _____, hereby agree to the regulations stated above and am asking the Medical Cannabis Club of Guelph (MCCG) to provide me with medical cannabis cuttings for therapeutic purposes.
