

Medical Cannabis Club of Guelph **R_x**

If You Have An ATP/Health Canada License:

If you have your Authorization to Possess Medical Marihuana License (ATP) from Health Canada, please contact us as soon as possible. We are asking patients to fax, email, mail, or bring in a copy of their ATP card to the MCCG.

Since the police have seized all of our files, we would like to quickly repopulate our records. This includes contact information for ATP holders. This will help us greatly to prepare for our court battle.

We would also like to be able to provide ATP holders with updates regarding their options. Caregivers can stop by for updates if the ATP holder is unable to.

Any questions let us know.

Once again, thank you so much for you support.

Rade Kovacevic
Director
MCCG
