

Medical Cannabis Club of Guelph **R_x**

Things YOU Can Do To Help The Medical Cannabis Club of Guelph And Its Patients (Updated June 10):

LETTERS TO THE EDITOR:

Please write letters to the Guelph Mercury, Guelph Tribune, and any other relevant publications expressing your support. Giving the media updates on the effect on one's health is helpful. It is important that the media and public understand that patients' health problems have not gone away and are continuing to be affected by the ongoing closure of the MCCG's dispensing services.

TESTIMONIALS

We are looking for testimonials from patients regarding how not having access to the MCCG has affected them. This will help us in our court battle. Please email these testimonials to rade@medicalcannabisclub.ca.

LEGAL DEFENSE FUND:

We are asking for those who are able to, to contribute to our legal defence fund. Cheques can be made out to "Ron Marzel" (one of our attorneys) and can be mailed to PO box 1596, Guelph, ON, N1H 6R7. We know that disability can often lead to poverty due to a lack of supports and accessibility and understand that most people will be unable to make a donation.
